Hi Joe,

This one is completely my fault. I apologize – the sections crossed out to edit the definition did not copy into the request. The requested language should read:

Section 77.51(10f), Wisconsin Statutes:

"Prepaid wireless calling service" means a telecommunications service that provides the right to utilize mobile wireless service as well as other non-telecommunications services, including the download of digital products delivered electronically, content, and ancillary services, and that is paid for prior to use and sold in predetermined dollar units or dollars ~~whereby the number of units declines~~ that decrease with use in a known amount.

Again, sorry for the inconvenience.

Emily

Emily,

I'm not sure what the end of this definition is supposed to mean. Under current law, the end of the definition reads "whereby the number of units declines with use in a known amount". DOR wants me to amend that to read "whereby the number of units declines that decrease with use in a known amount." I don't what that means.
